Dr. Beegle Bites

Every society teaches its members what it takes to belong.
~ Paulo Freir

To effectively connect with people in poverty
Withhold judgment

It takes TIME to help people in their growth

You plant the seeds!

Although brains can change for the worse because of poverty conditions, they can change for the better in supportive environments. ~ Eric Jensen

If not ME then WHO?

Treat People SPECIAL!
It gives them Armor

Your life experiences shape what you believe is possible for yourself.

Seek to the the WHY instead of giving up on people when you think you’ve done enough

Look at People and see what IS possible!

Use parents for what that are experts in- their children!
This shows them you care what they know.

Coaching model works- we EACH share what we know
