Did you know?
There are many Denver children in out of home placements

Key numbers
Over 900 Denver youth reside in out of home care

- Foster/Kinship Care: 730
- Residential Care: 100
- Group Homes: 60
- Certified Denver Foster Homes: 150

Some numbers to consider in regards to foster care youth in Denver

- Average monthly subsidy for a kinship provider: $128
- Average reunification time (in months): 5
- Number of students at some point in an out of home placement DPS estimates in our district each school year: 500

How they help
Foster and kinship parents assume responsibilities such as school enrollment, mileage, parent visits, educational surrogacy, basic needs and social-emotional health needs.

Supplemental community resource support for school supplies, clothing, hygiene and extracurricular payments can make such an impact for foster children and the great people taking care of them. Please visit our website to help: https://childservices.dpsk12.org
